Good to know

- **Visa:** Nigerian passport holders need a visa. It is applied for online (e-Visa), and we assist you through it.
- **Best time to go:** November to March is warm and dry; June to November is whale season along the coast.
- **Currency:** the South African Rand (ZAR). Cards are widely accepted; keep some cash for markets and tips.
- **Getting around:** Uber and Bolt are reliable and affordable in the city; some experiences include transfers.
- **Weather:** pack layers. Cape Town can be sunny and windy in the same day, so a light jacket helps.
- **Power:** plugs are Type M/N at 230V, so bring a South Africa adapter.
- **Good habits:** use ride-hailing at night, keep valuables discreet, and stick to well-known areas.
- **Book ahead:** Table Mountain, safari and the wine tram fill up in peak season, so reserve early.
